

# ESG Lead-Based Paint Property Owner Certification Form

---

The ESG Lead-Based Paint Property Owner Certification Form is a tool program staff can use to have property owners/managers certify that all paint stabilization activities have been completed in accordance with guidelines when formal clearance is not required (or as additional documentation when formal clearance is required). A copy of the completed form along with any additional documentation (i.e., a copy of the clearance report) should be kept in each program participant's file.

## Instructions

To prevent lead-poisoning in young children, the ESG program must comply with the Lead-Based Paint Poisoning Prevention Act of 1973 and its applicable regulations found at 24 CFR 35, Parts A, B, M, and R. If a visual assessment reveals problems with paint surfaces, property owners/managers must repair all identified problems with paint surfaces in accordance with the guidelines of 24 CFR 35, Parts A, B, M, and R, prior to a unit receiving ESG assistance. Property owners/managers should complete this form to certify that all identified problems with paint surfaces have been repaired/stabilized in accordance with the guidelines.

1. Have all identified problems with paint surfaced been repaired?  
 Yes                     No
2. Have all identified problems with paint surfaces been repaired using safe work practices?  
 Yes                     No
