6. BACKGROUND

6.1 City of Pasadena

Pasadena is an ethnically diverse community that is home to approximately 137,122 people making it the 183rd-largest city in the United States. Pasadena is the ninth-largest city in Los Angeles County. It is one of the primary cultural centers of the San Gabriel Valley. The City covers approximately 22.5 square miles, with an average of ten residents per acre. The median age of its residents is approximately 36.9 years. There are over 100,000 jobs in a wide variety of industries in the City of Pasadena.

6.2 Measure H

On March 7, 2017, voters in Los Angeles County approved Measure H, a countywide quarter-cent sales tax to fund supportive services, permanent housing interventions, outreach, and prevention services for people experiencing or at-risk of homelessness. Measure H funds 21 Homeless Initiative (HI) strategies, and the funding is allocated regionally to each Service Planning Area (SPA) and Continuum of Care (CoC). The Los Angeles County Board of Supervisors approves Measure H expenditures annually.

7. OBJECTIVE

The City of Pasadena (“City”) Department of Housing invites proposals from qualified entities to apply for funding under this RFP. The primary objective of this RFP is to fund programs to prevent and end homelessness for individuals and families in the City of Pasadena.

8. SCOPE OF WORK

The City of Pasadena is seeking to fund programs to prevent and end homelessness for individuals and families. The City of Pasadena expects to receive approximately \$1.33 million in funding for FY 2018 and 2019.

8.2 AVAILABLE FUNDING

This RFP is a two (2) year funding request for programs serving individuals at-risk of or experiencing homelessness. Proposals can be for any dollar amount up to the available amounts listed below per project type. Agencies may submit applications for one or more project type. Multiple proposals may be awarded funding within each project type. Funding will be awarded to the highest scoring proposal within each project type. If the selected proposal does not utilize all of the available funding, any remaining funding may be awarded to the next highest scoring proposal within the same project type category even if it results in a partial awarding of that proposal’s requested funds. The evaluation panel

may elect to partially award funding to any selected proposal if it is determined that a partial award better suits the needs of the Continuum of Care. Funding for the project(s) is contingent upon award of Measure H funds to the City by the Los Angeles County Chief Executive Office.

8.6 ELIGIBLE COSTS AND ACTIVITIES

Interested agencies may apply to any of the four (4) project types outlined below. The following are eligible activities under Measure H that can be funded through this RFP:

1. Homelessness Prevention for Individuals

This strategy will provide targeted interventions to single adults and youth age 18-24 who are currently at risk of becoming homeless and have been screened and identified as having high risk factors. The goal of Homelessness Prevention is to provide a short-term targeted intervention to address a person’s housing crisis before they become homeless.

Funds can only be used to prevent an individual from becoming homeless and to help an individual regain stability in current housing or other permanent housing. Eligible activities include:

- Provision of rental assistance to provide short-term or medium-term rental assistance to individuals who are at risk of becoming homeless.
- Housing relocation or stabilization services for individuals at risk of homelessness, including housing search, mediation or outreach to property owners, legal services, credit repair, providing security or utility deposits, utility payments, rental assistance, or assistance with moving costs.

2. Rapid Re-Housing for Single Adults

The purpose of Rapid Re-Housing (RRH) is to help people experiencing homelessness with low-to-moderate housing barriers become quickly re-housed and stabilized in permanent housing. RRH provides a time-limited intervention including financial assistance and supportive services so that participants will be able to successfully maintain housing without long-term assistance.

Funds can only be used for single adults experiencing homelessness. Eligible activities include:

- Provision of rental assistance to provide short-term or medium-term housing to individuals who are experiencing homelessness.
- Housing relocation or stabilization services for homeless individuals or families, including housing search, mediation or outreach to property owners, legal services, credit repair, providing security or utility deposits, utility payments, assistance with moving costs, or other activities that are effective at stabilizing individuals and families in their current housing.

3. Strengthen the Coordinated Entry System

With the implementation of the Coordinated Entry System (CES), all people in need of housing and services can be screened, triaged, and connected to resources, based upon service need and availability. In a City where the need for permanent housing and supportive services exceeds the availability of resources, it is vital to create efficiency and effectiveness in our response system.

Funds can only be used for the eligible activities below:

- Housing Navigators who facilitate pathways to permanent housing by providing individualized client support such as case management, benefit establishment, linkage to stable housing and all other supportive services as needed.
- Housing Locators who focus on cultivating a broad network of landlords and available units for PSH and RRH.

4. Enhance the Emergency Shelter System

This strategy's efforts will enhance the emergency shelter system's ability to be an effective component of an integrated homeless services system.

Emergency Shelter activities include:

- Motel vouchers to provide immediate shelter in motels or hotels to those experiencing homelessness.
- Shelter Operations including maintenance, rent, repair, security, fuel, equipment, insurance, utilities, relocation, furnishings, and staff.

9. LOCATION

Services will be performed City-wide.

10. DURATION AND SERVICE DATES

All work must be completed and all funds expended by June 30, 2020. The project will begin upon the completion of the competitive selection process, which is anticipated in January 2019.

The Proposal shall include a proposed work schedule to indicate duration and completion dates along with any project milestones and or deliverables needed to complete the project on time.

The initial term of the contract resulting from these Specifications shall be for up to eighteen months from the date of execution by the City. Pending funding availability, the contract may be amended to include additional funds to be spent in the original contract term subject to the approval of the City Manager. Pending funding availability, the contract also may be extended for up to three optional one-year extension periods with additional funding subject to the approval of the City Manager.

15.5 PUBLIC CONTRACT CODE SEC. 9204 NEW PUBLIC WORKS CLAIMS PROCEDURE

A "claim" is defined as "a separate demand by a contractor sent by registered mail or certified mail with return receipt requested..." and is limited to three types of contract disputes:

1. "A time extension...for relief from damages or penalties for delay assessed by a public entity...."
2. "Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled", and/or
3. "Payment of an amount that is disputed by the public entity."

Upon receipt of a claim, a public entity must "conduct a reasonable review" and provide a written statement to the contractor within 45 days of receipt of the claim. Failure of a public entity to respond to a claim within the time periods described in Section 9204 "shall result in the claim being deemed rejected in its entirety."

For any undisputed portion of a claim, a public entity must make payment within 60 days of the public entity's issuance of the written statement.

If the contractor disputes the public entity's written statement, or if the public entity fails to respond, the contractor may demand "an informal conference to meet and confer for settlement of the issues in dispute." The public entity must schedule the meet and confer conference within 30 days of the demand.

Within 10 business days following the meet and confer conference, the public entity must provide a written statement identifying the portion of the claim that remains in dispute.

Any payment due on an undisputed portion of the claim must be made within 60 days of the meet and confer conference. Amounts not paid in a timely manner shall bear interest at 7 percent per year.

After the meet and confer conference, any disputed portion of the claim "shall be submitted to non-binding mediation." If mediation fails to resolve the dispute, the parts of the claim that remain in dispute shall be subject to applicable procedures outside Section 9204 (statutory and contractual).

Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

(B) The claimant shall furnish reasonable documentation to support the claim.

(C) If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

(C) For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

(D) Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

(3) Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

(4) Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

(5) If a subcontractor or a lower tier subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a subcontractor or lower tier subcontractor. A subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier subcontractor, that the contractor present a claim for work which was performed by the subcontractor or by a lower tier subcontractor on behalf of the subcontractor. The subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did not present the claim, provide the subcontractor with a statement of the reasons for not having done so.

(e) The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

(f) A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

(g) This section applies to contracts entered into on or after January 1, 2017.

(h) Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.
