Introductory Script – Must be read prior to administering the tool

Hello! My name is _____ and I am with a group called _____ (organization name). I have a survey I would like to complete with you.

- Most questions only require a “yes,” “no” or other one-word answer. If you have more to share about an answer, I’d be happy to discuss that after the survey, but let’s finish the survey first. The survey should only take about 7 minutes to complete if we stick to “yes” or “no” responses.
- This is not a housing application, but the answers will help us understand your health and housing needs and the needs of our community, and may help us make better referrals for you in the future. It is important that you provide accurate information so please do not feel that there is a correct or preferred answer that you need to provide or conceal.
- The questions are not being asked in order to make any personal judgments about you. Some questions are personal in nature, but again, every question is designed to help us help you. You can skip or refuse any question that you don’t feel comfortable answering, but the more questions you’re willing to answer, the better.
- This survey is for all families who are homeless – not just people with a certain type of need.
- There is no need to take this survey twice, but from time to time we may want to update it with you, to make sure the information is accurate.
- If there is a question which you do not understand, please let me know and I would be happy to provide clarification.

Immediate Safety Assessment

Please note: All questions shaded in dark gray are REQUIRED. All questions in light gray are SOFT REQUIRED. All questions not shaded at all (white) are not required. All questions answered with a * or ** that are followed by a follow-up questions are REQUIRED as well. Please read all parts of the document fully and thoroughly and follow the instructions. Follow this rule throughout the entire survey.

Instructions for surveyor (DO NOT READ ALOUD): Due to the confidential nature of the following questions, we ask that you try to secure a private space where the **respondent is unaccompanied**. Regardless of the outcome, please remain neutral in your response and reserve judgment and unsolicited advice.
